Description

MANUFACTURER: STAR FIREARMS

MODEL: 30PK

PRODUCT DETAILS:

The Star M series of pistols continues the line of semi-automatic pistols made in Spain based on the Browning M1911 that began in the years following the First World War (1914-1918). The 1980s introduced a new modern line, led by the Star 30M. This double-action sidearm uses the slide rail method to improve accuracy. Ambidextrous safety devices are installed, and the structure is mainly steel. The related 30PK model has an alloy frame.

The 30M has a slight increase in muzzle velocity at 1,250 ft/s compared to the 1,200 ft/s offered by the shorter 30PK series.

Important Magazine Information

Southern Tactical follows all state regulations regarding the sale of high-capacity magazines. Due to multiple states and cities now enforcing various magazine restrictions, we will not ship magazines that are restricted in your area with firearms to the states that don't allow them to. **If the mag that comes with the firearm is not legal in your state or city the magazine will be removed from the shipment.** We do not offer custom magazine requests to swap out, ship to another state, refund, pinning of mag, substitutions, dealer approval or other. Hopefully we will see changes to these laws and violations to our second amendment rights. We apologize for this, but we simply cannot accommodate each magazine request with over 30 different laws, regulations and restrictions impacting states, cities and local jurisdictions throughout the country. It is the customer's responsibility to be informed of your local laws prior to completing your purchase. Southern Tactical is not responsible for any issues that may arise with magazines shipped to you or your FFL dealer that may not be legal in your area due to a change in current laws.
