Short Description

Manufacturer: Southern Tactical

Model: GALIL SAR

Product Details:

The Galil SAR Pistol built by Southern Tactical is based off the original Galil SAR from Israel Military Industries (IMI) in Israel. These pistols are built using good or better condition military surplus SAR parts. This Galil SAR pistol built uses a high quality Tortort Manufacturing milled receiver as the core of the pistol with a U.S. made 13" barrel, threaded at 13mmx1 RH(same as the original from IMI). Each pistol ships with an original IMI 35-round metal magazine and an M4 Buffer tube adapter, for those that want to create an SBR(with BATFE Form1 Approval).

Southern Tactical's vision was to build the SAR as close to the original and marked the receiver as it would have been marked in Israel, with Hebrew selector markings, as well as other receiver markings to mirror the original. These are finished with a durable Magnesium Phosphate base finish with a black Teflon top coat.

Important Magazine Information

Southern Tactical follows all state regulations regarding the sale of high-capacity magazines. Due to multiple states and cities now enforcing various magazine restrictions, we will not ship magazines that are restricted in your area with firearms to the states that don't allow them to. **If the mag that comes with the firearm is not legal in your state or city the magazine will be removed from the shipment.** We do not offer custom magazine requests to swap out, ship to another state, refund, pinning of mag, substitutions, dealer approval or other. Hopefully we will see changes to these laws and violations to our second amendment rights. We apologize for this, but we simply cannot accommodate each magazine request with over 30 different laws, regulations and restrictions impacting states, cities and local jurisdictions throughout the country.
